

iPods in the Classroom

The Global Forum On Technology &
Innovation In Teaching and Leading

14th – 17th April 2010

Dubai International Convention & Exhibition Centre
United Arab Emirates

An Exhibition and Conference dedicated to improving teaching and leading skills through the effective use of educational supplies and interactive technology

<http://ipodclassroom.wikispaces.com>

Why?

- 21st Century students are mobile, visual, tactile, active
- We still have students who we're not reaching through traditional methods
- iPods are small, individualized learning devices
 - Video, audio, text, recording

Student's Perspective

<https://www.ischoolinitiative.com>

21st Century Workforce

- Colleges expect online and mobile learning
- Employers demand
 - Electronic work (minimal paper!)
 - Collaborative work groups
 - Mobile access to information
 - Calendars, logs, documents, email, works-in-progress, voice recordings, training videos
 - Technology savvy job-seekers

iPods as Learning Devices

- Serves as a supplemental tool for learning;
- Encourages independent investigations;
- Communicates with students in their world using real-life tools;
- Encourages creativity;
- Builds ownership for created work;
- Immediate access to rich content;
- Ongoing tool for authentic assessment;
- Engages students at higher levels
